

Printable Fox Mask

See instructions for assembly on the next page

Fold and glue
to the left
side of mask

Fold and glue
to the right
side of mask

Instructions

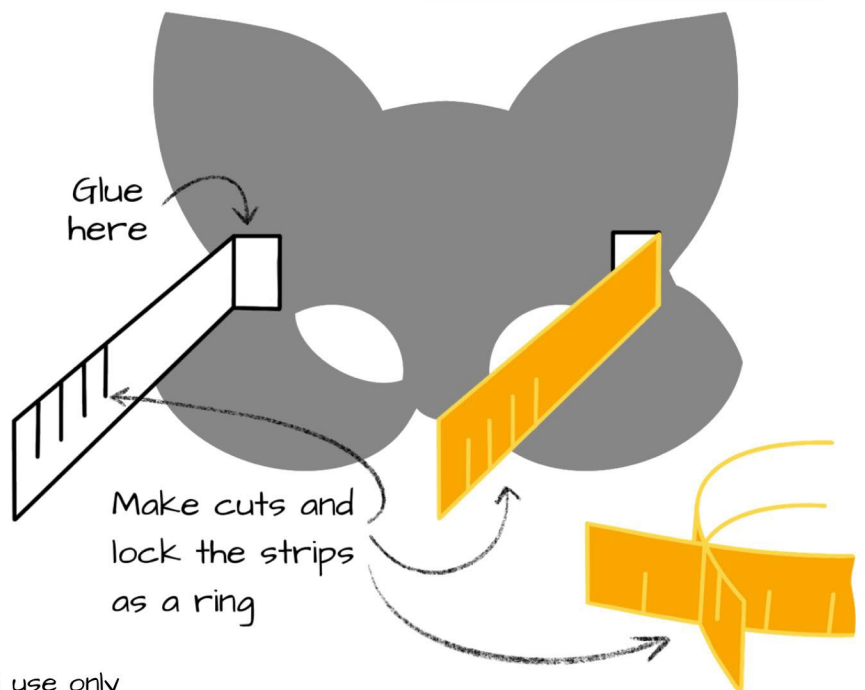

You will need:

1. Printouts of the fox mask activity
2. Scissors
3. Glue stick

Safety Note! Be very careful when using scissors. Children shouldn't use scissors without adult supervision.

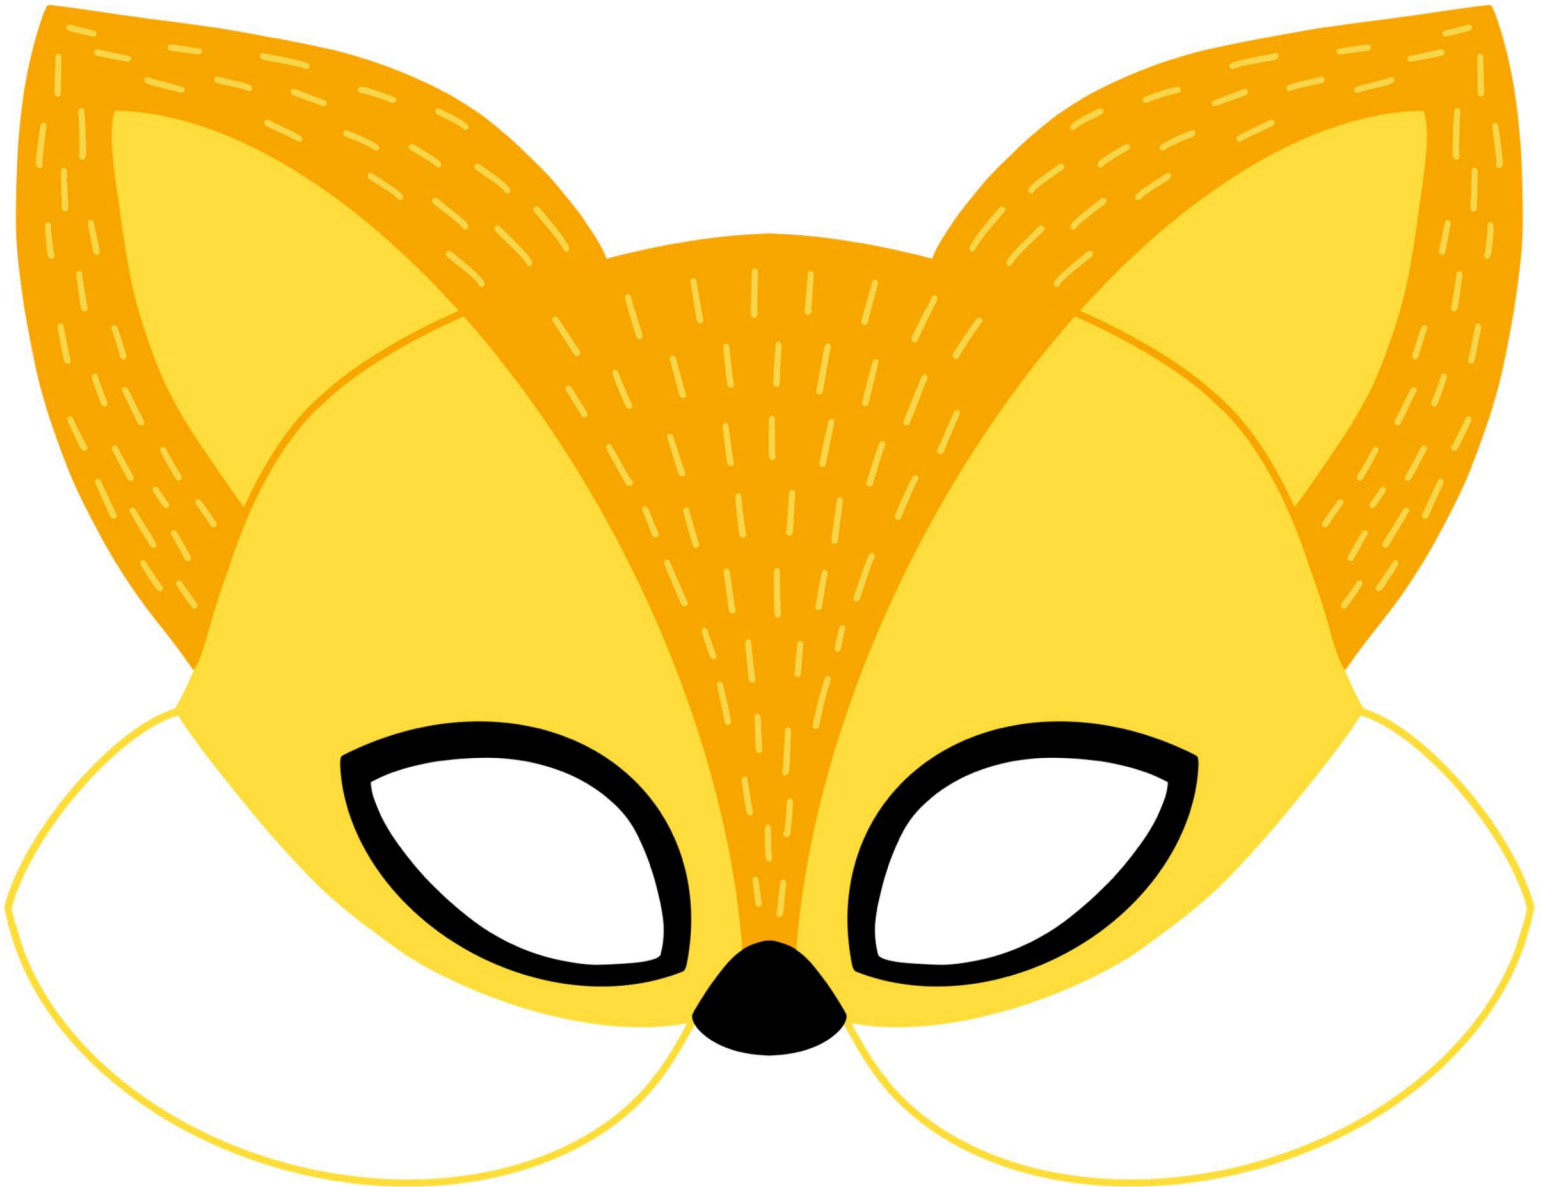

What to do:

1. Print the mask and strips on thick paper.
2. Use scissors to cut out the mask. Cut out the mask's eye holes.
3. Cut out two strips and make cuts along short lines.
4. Glue the strips to the back of the mask above the level of the eye holes (as shown in the picture below).
5. Wrap the mask around your child's head and fix the circumference with strips.
